Please note: If you wear contacts there <u>will be a contact lens evaluation fee charged</u> in addition to the routine eye exam fee. This may not be covered by your insurance. Required by federal law for contacts RX.

I authorize payment directly to our office for services rendered. As the responsible party, I authorize the release of any medical records needed to obtain payment from my insurance company. I will be responsible for all costs of collection, including and not limited to collection fees and attorney fees, and court costs. I acknowledge that our HIPAA privacy notice has been made available to me. Please note VSP, EyeMed, and Spectara charge for remakes of glasses or frame changes and do not allow a cancel after order is placed. Lenses are redone one time, and then regular charges apply. I agree to bill my medical insurance and not my vision plan, but when medical problems are diagnosed, the medical copay is due. If frames or lenses are returned within 60 days, refunds are not given -- we will place a credit on your account less a 10% return fee to use for other purchases.
